Manpreet Singhathia

Certified ServiceNow Developer | CSA | CAD | CIS-HR | CIS-DF |
HRSD & ITSM Specialist | 6+ Years IT Experience
India

Summary

Senior ServiceNow Developer | Specialist in Service Catalog, ITSM, HRSD & AI (Now Assist) I am a Certified ServiceNow Developer at adesso with 6+ years of IT experience. I specialize in building high-performance, user-centric solutions, with a deep expertise in Service Catalog design, Flow Designer automation, and AI-driven platform modernization

Core Technical Strengths: Service Catalog & UX: Advanced development of complex Catalog Items, Order Guides, and Record Producers with a focus on seamless end-user experiences

AI & Future-Tech: Early adopter of Now Assist (GenAI) to drive platform intelligence, automated case summaries, and resolution efficiency

HRSD Specialist: Implementing end-to-end "Employee Journeys" using CIS-HR standards and Lifecycle Events

Technical Dev & Integrations: Expert in CAD-based custom app development, IntegrationHub, REST/SOAP APIs, and connecting ServiceNow to third-party enterprise ecosystems

I am open to international relocation and pursuing new ServiceNow Developer opportunities specifically across Europe, UK, Australia, and the UAE. I am ready to contribute 6+ years of IT experience and specialized CIS-HR, CAD, CIS-DF and CSA skills to a global team

Experience

adesso India

Associate

May 2025 - Present (1 year 1 month)

Remote

Service Catalog & Request Management: Designed and deployed 110+ complex Service Catalog items, utilizing advanced Catalog Client Scripts and UI Policies to ensure a high-quality, user-friendly requester experience

Workflow Automation: Built and maintained end-to-end automation using Flow Designer and Workflow Editor, reducing manual fulfillment time for IT and HR services by 41%

Generative AI & Now Assist Implementation: Spearheaded the integration of Now Assist and GenAI capabilities to automate case summaries and resolution notes, reducing manual effort for agents and improving resolution speed by 67%

IntegrationHub: Developed robust REST integrations via IntegrationHub to connect the Service Catalog with external vendor systems, ensuring seamless data flow and zero manual data entry
